

The Reviews Are In: What Diane's Audience Members Have to Say

LIBRARY JOURNAL
STARRED REVIEW

Reading Together teaches children to love reading.” ~ **Parent, Lick Wilmerdring High School**

Helping a child become a lifetime reader, for learning and enjoyment, is a formidable task. You have the formula in " Reading Together".

INSPIRATIONAL!

~**Librarian, International Reading Association Conference**

Diane was engaging, informative and caring all at once! I loved to watch the young mothers listening to your every word and then wait in line to have you sign their copies of your book. You empowered each of us to “raise a child who loves to read.” ~**Director YWCA**

“...informative, passionate, articulate, founded on research, interactive, conversational, humorous– these are some words that come to mind...”

~ **Teacher, Montessori Conference, Boston MA**

Reading Together is worth its weight in gold -- and should be required reading in every teacher training class and current teachers should jump at the opportunity to use it as a resource. I have been exposed to many resources and I'd put this at the top of my list. ~**Educational Therapist in Reading & Learning Disabilities**

Diane Frankenstein's keynote at the PJ Library conference was a highlight for me. It was very informative and the concept of “reading together” will resonate in our community which is committed to reducing its severe literacy deficits. We are planning to bring Diane to our community. ~**PJ Library**

Speaking and Consulting Topics

“ The most important outcome may not be just how many books children have read...but how many conversations they have had about them. “

Diane Frankenstein, M.A., an educational consultant with more than 20 years of experience, specializes in children’s literature. She provides parents, teachers and librarians, as well as individual families and private groups, the tools, resources and knowledge that help children develop a lifelong love of reading. Diane consults throughout the United States as well as in Asia and Europe.

During her years of speaking engagements Diane has received avid requests from scores of

parents, teachers and educational organizations to put her compelling words of wisdom into a book. As a result, Diane authored *Reading Together: Everything You Need to Know to Raise a Child Who Loves to Read*, which is the perfect companion to her speaking engagements.

In *Reading Together*, Diane outlines her simple equation:
